Re: Title: REQUEST FOR CERTIFICATE OF CORRECTION
Letters Patent No. 6,809,475
Issued: October 26, 2004
Our Reference: LEDNI.001APC

Dear Sir:

Enclosed for filing is a Certificate of Correction in connection with the above-identified patent. U.S. Patent Application No. 10/049,572 was filed on February 14, 2002, and issued as U.S. Patent No. 6,809,475 on October 26, 2004.

The proposed Certificate of Correction enclosed herewith amends the information regarding the references cited. On April 25, 2005, an Office communication was mailed indicating that the Examiner would issue a Certificate of Correction listing certain considered but unlisted references. This Certificate of Correction, however, was never issued. Applicant respectfully requests the issuance of the attached Certificate of Correction. The above-mentioned Office communication authorizing the Certificate of Correction is attached for your convenience.

The addition of the considered but unlisted references does not affect the scope of the claims, and does not constitute new matter or require reexamination. The Manual of Patent Examining Procedure provides that a Certificate of Correction may be used under these circumstances to correct the Patent Office's and/or applicant's mistakes. See MPEP §§ 1480-1481.

DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on September 03, 2004 was filed after the mailing date of the Notice of Allowance on June 08, 2004. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Miscellaneous

A Notice of Allowance for Application 10/049,572 was mailed on June 08, 2004. The application became US Patent No. 6,809,475 on October 26, 2004.

Applicant's representative, Paul Conover, called the Examiner to inform that references listed in the IDS filed September 03, 2004 were not listed in the Patent. It was discovered that said IDS was not received by Examiner on a timely manner.

Since the IDS was properly filed, the Examiner has considered the references, and a signed copy of Form PTO-1449 is included herewith. Accordingly, a Certificate of Correction will be issued for US Patent 6,809,475 to include the references cited. In due course, the Office of Publications will mail a copy of the Certificate of Correction to the Applicant.

Contact Information

Any inquiry concerning this communication or earlier communications from the examiner should be directed to German Colón whose telephone number is 571-272-2451. The examiner can normally be reached on Monday thru Thursday, from 8:30 to 6:00.

Application/Control Number: 10/049,572
Art Unit: 2879

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nimesh Patel can be reached on 571-272-2457. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
